

INVERCARGILL CITY COUNCIL

Electing 12 City Councillors

Alex CRACKETT

My principal place of residence is in the INVERCARGILL CITY COUNCIL area.

Third generation Southland born mother, business owner, homeowner and completely dedicated to drive Invercargill forward.

I am young, I have the energy and I will work tirelessly for the future of Invercargill.

I see my candidacy as applying for a job from the people of Invercargill; this year I have attended over 20 Full Council and Committee meetings, volunteered hundreds of hours and will continue to serve and remain steadfast in my attendance and commitment.

I offer leadership that is proactive, accountable and forward thinking. Armed with a wealth of experience in regional promotion, my youthful perspective, strength of character and personal integrity, I will employ fiscally responsible leadership and strive to ensure the interests ratepayers and residents always come first.

Moving forward we need emphasis on urban rejuvenation, delivering our core services better and a synergetic focus on attracting people to Invercargill.

I stand for the future of Invercargill.
