

INVERCARGILL CITY COUNCIL

Electing 12 City Councillors

Allan ARNOLD

My principal place of residence is in the INVERCARGILL CITY COUNCIL area.

My vision for Invercargill is a great place to live with plenty of opportunities for people to work, study and enjoy our fantastic lifestyle. When I talk to people at my restaurants, Ziffs and Buster Crabb, or when I'm out and about driving schools buses or walking my dog at Sandy Point, they tell me Invercargill is disjointed and lacks a plan for the future. We need a real city centre, linking together our retail and entertainment areas, and an investor-friendly environment to add vibrancy. With a proven track record of success in business and management, I have the skills, experience and passion to make Invercargill a great place to live. I will ensure our Council keeps a tight control on rates, supports small businesses and promotes our beautiful, natural surroundings.
