

INVERCARGILL LICENSING TRUST

Electing 6 Board Members

Angela Mary NEWELL

My principal place of residence is in the INVERCARGILL LICENSING TRUST area.

The next five years are going to see some exciting new developments in our city. We've ticked off exceptional sports and leisure facilities; we've invested in events and conferences; we've strengthened organisations that serve every sector of the community. A Licensing Trust that not only re-invests in its businesses but also returns \$8 million a year in grants, confirms its significance in Invercargill.

Let's now embrace radical thinking in design and function in the CBD with a new hotel complex, a dynamic museum and innovative spaces that celebrate Southland's stories and culture. My work at Venture Southland in the creative arts sector, delivering events such as the Southland Arts Festival, along with a lifelong passion for education and a respect for community well-being all contribute to my skills and values. Please re-elect me and I will continue to strive to bring a different and challenging perspective to the ILT.
