

INVERCARGILL CITY COUNCIL

Electing 12 City Councillors

Carl E HEENAN

My principal place of residence is in the INVERCARGILL CITY COUNCIL area. I am also standing for Invercargill Licensing Trust.

'Kia-ora to the Voters of Bluff and Invercargill'. Our City has issues like Roothing, State Housing, Hospital Food, Our Provinces Economic Future.

For a start our City and Provinces Rates and Taxes should be spent here in Invercargill and Southland and NOT trying to fix Aucklands Housing and Roothing Problems. We have our own roads that need fixed.

We have State Houses in our City that need fixed so we can put People in them. We need to use Local Produce from Local Suppliers to Provide Proper Food in our Hospital and not 'Slops'. We need to Diversify our local Economy with New Industry Investment, Manufacturing, Accommodation, Tourism, Retail, Hospitality and Attract New Events to our City and Province. Our Political and Provincial Business Leaders need to 'Pike Ake' and 'Step up to the Challenge and Deliver'.
