

# INVERCARGILL CITY COUNCIL

## Electing 12 City Councillors

---

---

### **Jon TURNBULL**

My principal place of residence is in the INVERCARGILL CITY COUNCIL area.

Jon (J.T.) Turnbull likes to be part of the solution, not the part of the problem. He is passionate about revitalising the inner city CBD and has been a harsh critic of the current attempts. He thinks that the current effort is ill conceived, lacks commercial reality and has wasted a lot of money for little result.

Jon believes Council's role should be focussed on infrastructure, services and leadership.

Jon will bring his extensive business experience as a director on National companies, along with directorships on a number of private companies associated with his business interests. He is an Authorised Financial Adviser and has been self-employed in his own successful practice in Invercargill for over 40 years.

He believes in a hand up not hand out approach, which is evidenced in his charitable endeavours, most recent of which was Chair of the very successful Bluff Coastguard Appeals.
