

# INVERCARGILL CITY COUNCIL

## Electing 12 City Councillors

---

---

### **Karen ARNOLD**

My principal place of residence is in the INVERCARGILL CITY COUNCIL area. I am also standing for Invercargill Mayor.

Having completed my first three-year term on the City Council, I'm keen to continue making a difference on your behalf.

When I sought selection in 2013, I pledged I would ask the questions that matter and ensure Council decision-making was fair, transparent and informed.

I've done exactly that and, at times, it has found Council processes to be somewhat lacking. They are improving but it's important to keep the momentum going.

As a Councillor I will continue to advocate for open-minded decision-making based on quality information and robust debate.

I will continue to remind Councillors about our very real responsibilities in terms of our governance role.

Most importantly, I will strive to ensure the needs of the wider community are always in the forefront of our minds as we set budgets and spend ratepayer money.

With insight, experience and courage, I've got what it takes.
