

INVERCARGILL CITY COUNCIL

Electing 12 City Councillors

Neil BONIFACE

My principal place of residence is in the INVERCARGILL CITY COUNCIL area.

I remain committed to and passionate about Invercargill and am very positive about its future.

The city is faced with challenges ahead but by being more creative and with vision for the long-

term; we can make progress. I will advocate for Council to be innovative and smarter at getting best value from rates.

I support adding vibrancy to the City Centre while progressing the urban rejuvenation projects which will breathe life into our suburbs. I support SoRD's in growing jobs and population.

I am an independent thinker; prepared to listen, do my homework and tackle the difficult decisions. My strengths lie in my proven track record, follow through and common-sense approach.

I am fully involved in our community through my participation in the Southland Warm Homes Trust, Cancer Society, Citizens Advice, and South Alive Housing. I am a Justice of the Peace.
