

# INVERCARGILL CITY COUNCIL

## Electing 12 City Councillors

---

### **Rochelle SURENDRAN**

My principal place of residence is in the INVERCARGILL CITY COUNCIL area.

Invercargill is an innovative city that can punch above its weight on the world stage and pioneer inspiring solutions to global problems.

Our leaders need integrity, roots in the community, and a track record, but also vision, humility and the ability to listen. I hope to bring this to Council.

I'm dedicated to seeing Invercargill thrive - I'd support sustainable business startups and local food initiatives.

My family call Invercargill home. I grew up in Mt Maunganui, studied law and Maori studies in Wellington, and I lived in Japan and England. I've been active in the community, worked in professional jobs and operated small businesses.

A major achievement was establishing Love Local - a charitable business selling seasonal produce bags ([www.lovelocal.org.nz](http://www.lovelocal.org.nz)).

I work as a facilitator for Stopping Violence Southland and am starting an organic food project working with youth.

Vote for Rochelle Surendran for innovative, inspiring sustainable community!
