### **Stevey CHERNISHOV**

My principal place of residence is in the INVERCARGILL CITY COUNCIL area.

My quest is to be instrumental in improving the wellbeing of our people both now and into the future. I want to work together with you.

Let's revitalise Invercargill City and our rural communities.

Let's keep our values and work ethic, but have more fun!

Let's grow tourism, technology businesses, and creative ideas.

Let's be innovative and bring more opportunities to Southlanders.

Let's work together to develop a vibrant community, and care about each other.

Let's make sure we are driven by common goals; and get all age groups involved.

Let's think sustainably as we extend existing enterprises and build new ones.

My full name is Stephen John Chernishov. I was born and raised in Invercargill. My qualifications are BA Visual Culture (2003), Dip Grad Teaching (2009), Dip Grad Anthropology (2013). I am a secondary school teacher and direct a technology company called Surface Productions.
