

INVERCARGILL CITY COUNCIL

Electing the Mayor

Tom CONROY

My principal place of residence is in the INVERCARGILL CITY COUNCIL area.

I'm running for Mayor with the following pledges, to: attract and encourage entrepreneurs to invest in the city's future, champion the Southland Regional Development Strategy with the emphasis on outcomes, reject extravagant international junkets, accelerate urban revitalisation, greatly improve your experience of dealing with Council and provide strong, energetic and inspirational leadership. I offer an unrelenting work ethic, broad business experience in the corporate and private sectors, a current national profile, polished presenting and speaking skills, and media savvy. I will earn the respect and co-operation of the team of people it takes to run a city; the Council alongside business and community providers, so we can push forward together. Above all, I will earn the respect of every ratepayer because being Mayor is about you not about me. I believe, together, we are up for the challenge, totally! It's not just time for change, it's specifically, time for Tom.
