

INVERCARGILL CITY COUNCIL

Electing 12 City Councillors

Toni BIDDLE

My principal place of residence is in the INVERCARGILL CITY COUNCIL area.

I have a vision for Invercargill to progress, thrive and join together so our future will leave no generations forgotten, no communities vulnerable, and inspire pride in our home town. I

want to make sure my children live and grow in a safe, vibrant and contemporary city with true diversity. For me to make promises would be arrogant as just one of twelve people, but it is essential to get new blood, a true representation of our city's demographic, and to ignite passion around our Council table. I have eleven years experience in social development, and am a successful business woman, which enables me to move this city forward through knowledge and strong leadership. I want to raise this city to its full potential. In this election I hope to inspire generations to stand up and care about Invercargill. Courage to speak, commitment to listen, let me be YOUR voice.
