

INVERCARGILL CITY COUNCIL

Electing 12 City Councillors

Wayne MCEWAN

My principal place of residence is in the INVERCARGILL CITY COUNCIL area.

Invercargill is a place I'm proud to call home. I believe we have a great city full of caring people. But I also believe we're at a critical crossroad and we need new leadership. I'm worried what the

future looks like.

I believe the people of Invercargill are ready for change. They want and deserve a voice. I'm happy to be that voice.

Take the disgraceful situation of Anderson Park. It was gifted to the city, but it appears we can't take care of it.

We put a Chinese Garden first, which is wrong. And suddenly, just before an election, there's talk of repairing the building.

Well I want to make sure that happens.

It's also clear that ratepayers want their CBD back - whether that incorporates free parking or turning Esk Street into a mall, I'm keen to explore all options.

Together, with your support, I can make a difference.
