<b>Inspections &amp; Maintenance:</b>		Minimum maintenance and testing as specified in Compliance Schedule Handbook, to be performed in conjunction with maintenance required by applicable standard.	
<b>Reporting:</b>		<p>The owner must keep records of all inspections, maintenance and repairs undertaken in the previous 24 months. The records must be kept with the compliance schedule and as a minimum, include:</p> <ul style="list-style-type: none"> <li>• Details of any inspection, test or preventative maintenance carried out. Include dates, work undertaken, faults found, remedies applied, and the person who performed the work.</li> <li>• Details of any other faults found or maintenance and repair work undertaken to maintain the system in working order, including dates, work undertaken, faults found, remedies applied and the person who performed the work.</li> <li>• A Form 12A provided by an IQP annually.</li> </ul>	

The information above is used to help generate the compliance schedule. If you are unsure how to complete this form, please consult an Independently Qualified Person (IQP) who is registered for the system above.
