

# DOG CONTROL

On 24 April 2018 the Invercargill City Council approved a new draft Dog Control Bylaw and Policy for consultation.

Changes to the Bylaw and Policy reflect an intention to consider returning wandering dogs to their owner's residence rather than impounding. While the precise process is to be determined it is proposed to introduce a new fee of \$40.00 where dogs are returned to their owner this way. This compares to the current (2016/17) first impounding fee of \$100.

Submissions are sought on the introduction of this fee.
