

# Community Wellbeing Fund Framework

Effective from 8 December 2020

---

The Invercargill City Council allocates Community Wellbeing Fund with the expectation that they fit into the vision that Council has agreed for our City “Our City with Heart - He Ngākau Aroha”.

## Types of Community Wellbeing Grants

- A budget is set through the Long-term plan process and applications are received during a funding round, the meeting schedule for which is set through the terms of references.
- The opening and closing of the funding round will be publicly advertised.
- All the applications must submit using Council’s Community Wellbeing Fund application form for ease of comparison.
- The committee then determines the allocation of the Community Wellbeing Fund.

In extraordinary circumstances, the committee may make a discretionary grant between meetings where the following criteria are met.

- The need is immediate and has arisen since the last funding round closed.
- They cannot wait until the next round.
- The circumstances could not have been reasonably foreseen.
- Prior to a project commencing where there is reasonable need to do so.

## Legislative Requirements

To ensure that the funding fits within the Local Government Act requirements, applications must fit the following criteria:

- Take place in Invercargill City District.
- Be for a specific project, event or service and the application must clearly identify a benefit to the community.
- Projects seeking funding must not be the sole responsibility of Central Government or other agencies.
- Applications must be from organisations or groups. Applications from individuals will not be considered.

## What We Will Consider Funding

Council will support organisations, projects, events and activities in the Arts and Culture, Community Development, Environmental, Heritage, Sports and Recreation sectors.

The grant can be spent on marketing, equipment hire, project development costs, service delivery costs, salaries and administration costs, and other like expenses.

Applicants will need to indicate how they plan to spend their grant if successful.

Arts, culture and sports, and recreation applications will first be considered for eligibility by the Creative Communities Invercargill and the Invercargill Active Communities Funds.

For major activities where there is a clear business case multiple years of funding will be considered, up to a maximum of three years.

## What We Will Not Fund

Council will not fund the following:

- Debt servicing or repayment;
- Guarantees against loss;
- Legal expenses;
- Fundraising activities;
- Activities for religious or political purposes – please note that cultural activities linked to religious festivals are not excluded;
- Public Services that are the sole responsibility of Central Government.

Activities must have at least one other source of funding. I.e. Activities cannot be wholly funded by Council.

Retrospective funding is not available.

## Priorities

It is not possible to meet all applications for funding. Council aims to deliver the outcomes that are significant to the Community and align with its Vision.

Past funding does not represent a commitment to future funding.

## Accountability

A letter detailing the decision on your application will be sent in the month following the close of the funding round. If your application is successful an agreement for your organisation to sign will be sent. The agreement will contain details of your accountability requirements.

The processes and documentation that organisations are asked to complete will be appropriate to the size of the grant, the situation of the applicant and the level of risk presented to Council. If you have previously applied for funding, but have not submitted your accountability form, you may be ineligible for funding until the next funding round.
