

Invercargill Licensing Trust

Electing 6 Board Members

Graham HAWKES (HAWKSY)

My principal place of residence is in the Invercargill Licensing Trust area.

Standing for a 78-year-old Invercargill Institution which has been supplying the city (and surrounding Districts) with Food, Beverage and Accommodation will be satisfying for a passionate cook following 57 years of service to the Hospitality and Tourism Industry.

It will be some time before the Hospitality Operators in the South will have sufficient staff to fill the capacity of their Food, Beverage, and Accommodation operations with domestic and international tourism.

Now would be the time for the ILT to rethink their strategy moving forward making the future of the ILT and the citizens of Invercargill a long and financial and supportive leading institution of our fine city.

Southland produces as good as the best raw ingredients in the world. Let's make Invercargill the food destination it should and could be through our city's cafes, restaurants, and function facilities.

Yours with Culinary Kindness,
Graham Hawkes (Hawksy)
