

Invercargill City Council

Electing 12 City Councillors

Ria BOND

Independent

My principal place of residence is in the Invercargill City Council area. I am also standing for Mayor.

Our elected members have an enormous influence on how things run in our city, what projects are prioritised, and where investments

go.

Councillors are responsible for understanding and implementing principles of good governance in decision making, not get involved in operational matters.

I am a proud mother, hairdresser by trade, have a small business background, served as President of the NZARH, Director of HITO, NZQA TROQ Governance and Advisory Panel, St Johns Girls School BOP, Business Mentor, President of the Invercargill Rotary Club.

Ria is a Former New Zealand First List MP based in Invercargill who actively advocated for members of the Invercargill public throughout her role. This indisputable experience enables me to deliver strong governance results for you.

It's time to move our city and image forward, to put Invercargill first. I believe everything we do as leaders should always be about the people who we represent. TickBond4Council
