

Invercargill City Council

Electing the Mayor

Darren LUDLOW

My principal place of residence is in the Invercargill City Council area. I am also standing for Councillor - ICC.

It's time for a change to positive, engaged and enabling leadership. A global pandemic has changed the world we live in; the role of local government is being changed; our city is going through its greatest transformational change in generations; and how council conducts itself has been under scrutiny. We need a reasoned and experienced approach. We need all councillors engaged and conducting business properly. We need a voice that reflects the view of council and our residents ahead of their own agenda. We need positive relationships at all levels. We need to take stock of our current commitments before looking to new projects. That is the perspective I offer in seeking the Mayoralty. Experience counts, as does the way we conduct ourselves. I consider the opportunity to be Mayor a privilege, representing Invercargill City and Council, and one I promise to conduct with dignity.
