

Invercargill City Council

Electing 12 City Councillors

Peter Warren KETT

My principal place of residence is in the Invercargill City Council area.

I am a company director, Board Member of Age Concern Southland, and a life Member and Vice-President of the Invercargill Harness Racing Club and current City Councillor.

Three years ago, I publicly stated our then Council was in a right, royal mess. Did I ever think it would get worse? It has and its cost ratepayers millions of dollars.

I have always had a common-sense approach to council matters and I'm not scared to stand up and speak out.

Being in a minority group of councillors, and at times kept in the dark, it has been frustrating and very embarrassing.

3 Waters - we should be fighting tooth and nail.

I'm very concerned at the very high staff turnover at council.

We should not have non-elected Mana Whenua members around the table with voting rights.

Please take the time to read my article in the local newspapers before you vote.
