

Invercargill Licensing Trust

Electing 6 Board Members

Sheree CAREY

My principal place of residence is in the Invercargill Licensing Trust area.

I'm passionate about our city.

As CEO of the Southland Business Chamber I readily support our local businesses, helping them to recognise their strengths and seize new

opportunities.

I also proudly promoted our region during my 20 years at our local TV station.

Invercargill is on the brink of something special and we need strong direction and grab every opportunity as it comes.

While continuing the good work ILT does in the community, we need to be more future focused to create a vibrant city our youth are proud to call home, and that attracts more people to our region.

My proven leadership experience and fresh ideas will help guide the ILT into an exciting future.

I'm honest, trustworthy and respectful of our people and our city's history.

My strengths are communication, a deep understanding of good governance and a love of people and our community.

I appreciate your vote.
