

Invercargill Licensing Trust

Electing 6 Board Members

Louise EVANS

My principal place of residence is in the Invercargill Licensing Trust area.

I work in innovation, accelerating growth in emerging businesses. I'm customer-focused creating business strategies for global brands and local legends alike. I will continue to use these

talents for the good of the community.

Being elected in the by-election amidst the pandemic was eye-opening. I'm proud the board stuck behind our staff, making bold decisions to ensure our community continued to benefit from grants.

Our next challenge is as important. We are kaitiaki of Southern hospitality, and raising the bar across our bars and restaurants will evolve Invercargill into the vibrant city it deserves - one our young people will choose to be a part of. I'm excited by our new executive chef and eateries at The Langlands where we can showcase local fare. But there's plenty of work to do and change is afoot.

I continue to offer diversity of thought, respect for manaakitanga, and innovative change.
