

Invercargill City Council

Electing 12 City Councillors

Grant DERMODY

LETS GO Invercargill

My principal place of residence is in the Invercargill City Council area.

I am a born and bred Southlander who has lived in Invercargill for 30 years, raised my family here and I am passionate about our people, the city and our future.

I aspire to make Invercargill the best city in NZ to live and work. It's imperative we invest in Bluff, South City, recreation facilities, the arts, particularly the Museum and get the CBD finished.

I have extensive experience in finance, leadership, and governance from a varied working career. My approach is to be a good listener, work alongside others to make sound decisions and to get things done.

We need to be ambitious around the opportunities ahead, which will add immense value to the city especially for our children and grandchildren.

A vote for me is a vote for a strong listener, robust governance, prudent financial management and ambition.
