

Invercargill City Council

Electing 12 City Councillors

Karl HERMAN

LETS GO Invercargill

My principal place of residence is in the Invercargill City Council area.

Fourth generation Kennington property owner and horticulturalist Karl Herman loves everything about Invercargill, and plans to bring that passion to the council.

Also involved in the management of several business sectors over the past 20 years, but best known locally as President of the Invercargill Rock n Roll club (14 years), Karl has the dynamics, positivity and energy to help turn this council around. It is time for a major change in our council and I'm committed to the people of this city, to bring you a better more outgoing voice.

I love our city's uniqueness, vibrancy and culture, and it would be a privilege to be part of the key planning decisions of Invercargill's future going forward.

Having been the driving force behind hosting four rock n roll national events in Invercargill, and the current Director of Rocking With The Stars, it's time to get things moving and shaking.
