

Invercargill City Council

Electing the Mayor

Tim SHADBOLT

My principal place of residence is in the Invercargill City Council area. I am also standing for Councillor - ICC.

Invercargill is undergoing a Renaissance. The challenge that the City faces is to attract people and keep them here. We need to market ourselves as an end destination and a city that provides a welcoming environment for our children. The council needs to address many issues- to confront the staff lead culture and restore respect. The city needs collaboration on housing and we need to advocate for the most control we can over our water assets.

I seek a final term as Mayor to leave the city future stable. I commit myself to being a full time Mayor and listening to the needs of the people - be it recycling contracts, completion of malls or committing to a new museum design. I value people and kindness. I have the know how and inside knowledge to challenge what needs to be challenged and work with a team of, new, pro Invercargill advocates.
