

Invercargill City Council
Bluff Community Board
Electing 5 Board Members

Rach BAILEY

My principal place of residence is not in the Bluff Community Board area.

Kia ora!

I've always wanted to live in Motupōhue Bluff. I saw beyond the freezing works & industry, to a special community, a unique & priceless

environment, and year round economic potential.

So as soon as we could, our little family in Invercargill bought land in Bluff, and we will be permanent residents soon!

The work underway in the environmental space around Bluff is extraordinary, and it deserves much recognition & support. The efforts to revitalise Bluff while still preserving its culture & heritage are also exciting, important, and deserve strong support from local government too.

My background is in media & communications, governance; local historical & environmental passion projects, and lobbying for, writing & successfully implementing central government policy in the social & environmental sectors.

I believe I have the skill set needed to strongly advocate for the needs of the Bluff community at a local government level.
