

# Invercargill City Council

## Electing 12 City Councillors

---

### **Rick MURRELL**

LETS GO Invercargill

My principal place of residence is in the Invercargill City Council area.

Rick Murrell brings a real passion and drive for the South, with 30 years of business experience in Invercargill.

His governance experience includes, Director of New Zealand Motor Trade Association (2005 - 2012), Director of Motor Trade Investments (2010 - 2012) and New Zealand President/Chairperson Motor Trade Association (2011 - 2012). He also has a long standing involvement in the community, including with Southern Steel netball and the Tour of Southland.

I want to create an environment where the community not just lives here but thrives. I see Invercargill more than just a gateway to the South (Stewart Island, Catlins and Fiordland), but as a destination in itself.

I'm all for improved governance, helping provide a culture that works with business and community to get things done, and providing more bang for your buck for ratepayers.

I want to see a city that all of Southland can be proud of.
