

# Invercargill City Council

## Electing 12 City Councillors

---

---

### **Peter MARSHALL**

LETS GO Invercargill

My principal place of residence is in the Invercargill City Council area.

Peter Marshall has lived in Invercargill all of his married life, and has been running an IT business for 19 years.

From his education at Waitaki Boys High School and living away from home young, Peter quickly developed a thick skin, and the ability to stand up for what he believes in - whilst also following strict rules.

These skills learnt so early in life have been essential to negotiating the world and in particular business.

As a local businessman my goal has always been to use technology and adapt it to help companies in different ways to suit their needs.

Starting my career as a baker and then writing software to manage bakery production, I developed a passion for technology.

Part of this process is a good understanding of the business, and the steps required to complete a successful project implementation, while managing costs and stakeholders' expectations.
