

Invercargill City Council

Electing the Mayor

Marcus LUSH

My principal place of residence is in the Invercargill City Council area.

I live in Bluff with my partner Vanessa, and our two boys. Moving south in 2002 was one of the best decisions I have ever made. I love this place. Invercargill is an exciting place to be. We have

two hotels being built, plus a shopping mall, a museum, and the exciting Esk St development. Things have never looked better. There are also exciting projects happening around data storage and data export, using the clean energy from Manapouri. The future is very bright. However, we have challenges. Invercargill is finding it difficult to attract doctors and dentists, and other key professionals, to live here. To combat this we need to make Invercargill the best place in NZ to raise a family. Then we need to sell it to the rest of NZ and the world. With my communication skills, contacts, and passion, I am the perfect choice for Mayor.
