

Invercargill Licensing Trust

Electing 6 Board Members

Mike SANFORD

Mike & About

My principal place of residence is in the Invercargill Licensing Trust area.

Unlike some other candidates that are calling for unrealistic, radical change, I understand the responsibilities that come with a governance role.

I don't plan on changing the world and won't make any promises I can't keep. But keen to give the Establishment a little shake by being on the board. As a free thinker and visionary I'll bring a different viewpoint to the board table with experience that complements the current board members. Including event management, retail, hospitality and media experience, with a strong proven track record across all. I'm ready to serve our community from a governance position. Our great city has an exciting future ahead with the new Langlands Hotel, Invercargill Central development. Don't forget to keep a look out for Mike & About.
