ENTITY INFORMATION

Structure of the Trust's operations, including governance arrangements

The Trust comprises a board of ten trustees who oversee the governance of the Trust.

	Current Trustee(s) appointment
3 trustees are appointed by Invercargill City Council	Cr T Biddle (Chairperson) Cr D Ludlow Cr R Amundsen
2 trustees are appointed by Southland District Council	Cr G Macpherson <i>resigned 18 Dec 2019</i> Cr N Patterson <i>resigned 18 Dec 2019</i> Mayor G Tong <i>appointed 18 Dec 2019</i> Cr C Menzies <i>appointed 18 Dec 2019</i>
2 trustees are appointed by trustees appointed by Invercargill City Council & Southland District Council	G Neave R Eagles
1 trustee is appointed by Tangata Whenua	E Cook <i>appointed 4 Jul 2019</i>
1 trustee is appointed by Friends of the Southland Museum & Art Gallery	J Watson <i>resigned 3 Nov 2019</i> C Henderson <i>appointed 5 Dec 2019</i>
1 trustee is appointed by Gore District Council	Vacant

The Trust has a management contract with Invercargill City Council for the operations of the museum facilities.

Main source of Trust's cash and resources

Grants received from Southland Regional Heritage Committee and service contract revenue from Invercargill City Council are the primary sources of funding to the Trust.

Registered office: 108 Gala Street, P O Box 1012, Invercargill

Postal address: 108 Gala Street, P O Box 1012, Invercargill, Phone (03) 219 9069

Solicitors: Preston Russell Law, 45 Yarrow Street, Invercargill

Bankers: Westpac, 62 Kelvin Street, Invercargill

Auditor: Audit New Zealand on behalf of the Auditor - General

Southland Museum & Art Gallery Trust Board Inc

STATEMENT OF ACCOUNTING POLICIES FOR THE SIX MONTHS ENDED 31 DECEMBER 2019

REPORTING ENTITY

The reporting entity is Southland Museum & Art Gallery Trust Board Inc (the "Trust"). The Trust is domiciled in New Zealand and is a charitable organisation incorporated in New Zealand under the Charitable Trusts Act 1957.

The purpose of the Trust is to ensure prudent administration of the Museum facilities and collections within that facility and to monitor the management contract, which is currently with the Invercargill City Council.

The financial statements were approved and authorised for issue by the board of Trustees on 13 February 2020.

STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with NZ GAAP. They comply with Tier 2 PBE (RDR) accounting standards on the basis the Trust is not considered publically accountable or large with expenditure under \$30 million per annum. All available disclosure concessions have been applied.

CHANGES IN ACCOUNTING POLICIES

These financial statements are the first to be presented under Tier 2 PBE (RDR) accounting standards. All accounting policies have been consistently applied throughout the period covered by these financial statements.

BASIS OF PREPARATION

The preparation of financial statements in conformity with Tier 2 PBE accounting standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, revenue and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and in future periods if the revision affects both current and future periods.

The financial statements have been prepared on the basis of historical cost, except for heritage assets and the revaluation of certain financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. Heritage assets are valued as per Property Plant and Equipment, Heritage Assets policy.

Accounting policies are selected and applied in a manner which ensures that the resulting financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions or other events is reported.

The financial statements have been prepared on a going concern basis, and the accounting policies set out below have been applied consistently to all periods presented in these financial statements.

New Zealand dollars are the Trust's functional and presentation currency.

The trustees of the Trust do not have the power to amend the financial statements after issue.

Southland Museum & Art Gallery Trust Board Inc

STATEMENT OF ACCOUNTING POLICIES FOR THE SIX MONTHS ENDED 31 DECEMBER 2019

The following accounting policies which materially affect the measurement of results and financial position have been applied:

SIGNIFICANT ACCOUNTING POLICIES

REVENUE

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts and GST.

Grants and Donations

Council, government, and non-government grants are recognised as revenue when the funding is receivable unless there is an obligation to return the funds if conditions of the grant are not met ("use or return condition"). If there is such an obligation, the grant is initially recorded as a liability and recognised as revenue when conditions of the grant are satisfied.

Interest revenue

Interest revenue is recognised on an accrual basis.

Revenue from providing services

Revenue from services rendered is recognised when it is probable that the economic benefits associated with the transaction will flow to the entity. The stage of completion at balance date is assessed based on the value of services performed to date as a percentage of the total services to be performed.

Donated Services

The work of the museum is dependent on the voluntary service of many individuals and organisations. Since these services are not normally purchased by the museum and because of the difficulty of determining their value with reliability, donated services are not recognised in these financial statements.

TAXATION

The Trust is exempt from the payment of income tax. Accordingly no charge for income tax applies or has been provided for.

GOODS AND SERVICES TAX

Revenues, expenses, assets and liabilities are recognised net of the amount of goods and services tax (GST), except for receivables and payables which are recognised inclusive of GST. Where GST is not recoverable as an input tax, it is recognised as part of the related asset or expense.

The net amount of GST recoverable from, or payable to, the IRD is included as part of receivables or payables in the statement of financial position.

The net GST paid to, or received from, the IRD, including the GST relating to investing and financing activities, is classified as a net operating cash flow in the statement of cash flows.

Commitments and contingencies are disclosed exclusive of GST.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents includes cash on hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less.

FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are recognised in the Trust's Statement of Financial Position when the Trust becomes a party to contractual provisions of the instrument. The Trust is party to financial instruments as part of its normal operations. These financial instruments include cash and cash equivalents (including bank overdraft), trade and other receivables, other financial assets, trade and other payables and borrowings. The relevant accounting policies are stated under separate headings.

Investments are recognised and derecognised on trade date where purchase or sale of an investment is under a contract whose terms require delivery of the investment within the timeframe established by the market concerned, and are initially measured at fair value, net of transaction costs, except for those financial assets classified as fair value through profit or loss which are initially valued at fair value.

(1) Financial Assets

Financial assets within the scope of NFP PBE IPSAS 29 Financial Instruments: Recognition and Measurement are classified as financial assets at fair value through surplus or deficit, loans and receivables, held-to-maturity investments or available-for-sale financial assets. The classifications of the financial assets are determined at initial recognition.

The category determines subsequent measurement and whether any resulting income and expense is recognised in surplus or deficit or in other comprehensive revenue and expenses. The Trust's financial assets are classified as financial assets at fair value through surplus or deficit, loans and receivables or as available for sale financial assets. The Trust's financial assets include: cash and cash equivalents, short-term investments and receivables.

All financial assets except for those at fair value through surplus or deficit are subject to review for impairment at least at each reporting date. Financial assets are impaired when there is any objective evidence that a financial asset is impaired. Different criteria to determine impairment are applied for each category of financial assets, which are described below.

(2) Financial assets at fair value through surplus or deficit

Financial assets at fair value through surplus or deficit include items that are either classified as held for trading or that meet certain conditions and are designated at fair value through surplus or deficit upon initial recognition. All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments or a derivative that is a financial guarantee contract.

(3) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial recognition, these are measured at amortised cost using the effective interest method, less any allowance for impairment. The Trust's cash and cash equivalents, receivables transactions fall into this category of financial instruments.

(4) Available for sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either designated to this category or do not qualify for inclusion in any of the other categories of financial assets.

(5) Impairment of financial assets

The Trust assesses at the end of reporting date whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a "loss event") and that loss event has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated.

For financial assets carried at amortised cost, if there is objective evidence that an impairment loss on loans and receivables carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account. The amount of the loss is recognised in the surplus or deficit for the reporting period.

In determining whether there are any objective evidence of impairment, the Trust first assesses whether there are objective evidence of impairment for financial assets that are individually significant, and individually or collectively significant for financial assets that are not individually significant. If the Trust determines that there is no objective evidence of impairment for an individually assessed financial asset, it includes the asset in a group of financial asset with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is or continues to be recognised are not included in a collective assessment for impairment.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed by adjusting the allowance account. If the reversal results in the carrying amount exceeding its amortised cost, the amount of the reversal is recognised in surplus or deficit.

(6) Financial liabilities

The Trust's financial liabilities include trade and other creditors.

All financial liabilities are initially recognised at fair value (plus transaction cost for financial liabilities not at fair value through surplus or deficit) and are measured subsequently at amortised cost using the effective interest method except for financial liabilities at fair value through surplus or deficit.

PROPERTY, PLANT AND EQUIPMENT

The Trust has the following classes of property, plant and equipment:

- (A) Land and buildings assets
- (B) Heritage assets

(A) LAND AND BUILDINGS ASSETS

Cost / Valuation

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses. The Trust has elected not to revalue property plant and equipment and record the asset value on the cost basis.

Southland Museum & Art Gallery Trust Board Inc

STATEMENT OF ACCOUNTING POLICIES FOR THE SIX MONTHS ENDED 31 DECEMBER 2019

Additions

The cost of an item of property, plant and equipment is recognised as an asset only when it is probable that future economic benefits or service potential associated with the item will flow to the Trust and the cost of the item can be measured reliably.

Cost includes expenditure that is directly attributable to the acquisition of the assets. In most instances, an item of property, plant and equipment is recognised at cost. Where an asset is acquired through a non-exchange transaction, or for a nominal cost, it is recognised at fair value at the date of acquisition.

Depreciation

Depreciation is calculated as detailed below:

Operational Assets	Rate
Buildings	2% SL
Fit-out	9 - 40% DV

Expenditure incurred to maintain these assets at full operating capability is charged to the Statement of Financial Performance in the year incurred.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each annual reporting period.

Disposals

An item of property, plant and equipment is derecognised upon disposal or recognised as impaired when no future economic benefits are expected to arise from the continued use of the asset.

Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Financial Performance in the period the asset is derecognised.

(B) HERITAGE ASSETS

The Southland Museum & Art Gallery Trust Board owns an extensive collection of material and information relating to natural, cultural and scientific heritage.

Heritage assets are valued at cost or fair value at the date of acquisition and are not depreciated.

All assets acquired are recognised at cost at the date of acquisition. As a large number of the Heritage assets are donated or subsidised generally such cost will be nil unless they have been acquired as a result of a purchase by the Trust.

The bulk of the Trust's collection is represented by unrealisable or irreplaceable items and it is impracticable and cost prohibitive to value them on a "Market Based" or "Depreciated Replacement Cost" basis. As a consequence the Trust's collection is undervalued in these financial statements.

The result of this accounting policy means that the vast majority of the Museum's collection is effectively valued for accounting purposes at nil, or at historical cost for those few items purchased.

The primary function and purpose of the Southland Museum is the preservation and display of the extensive collection of heritage assets. These are the tasks that make up the bulk of the Southland Museum's activities.

This means that much of the collection is valued at nil, or very old historical cost for those few items purchased. The Board is confident that if the collection, however unlikely, was to be sold, its market value would be very substantial.

The fact that most of the collection has a nil, or low, value for accounting purposes in no way reduces the true value of the collection or the care that is exercised in its conservation and exhibition.

The collection is valued at \$10,000,000 for insurance purposes.

IMPAIRMENT OF NON-FINANCIAL ASSETS

At each reporting date, the Trust reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Trust estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. Value in use is depreciated replacement cost for an asset where the future economic benefits or service potential of the asset is not primarily dependent on the asset's ability to generate net cash inflows and where the entity would, if deprived of the asset, replace its remaining future economic benefits or service potential. In assessing value in use for cash-generating assets, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately, unless the relevant asset is carried at fair value, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised in the Statement of Financial Performance immediately, unless the relevant asset is carried at fair value, in which case the reversal of the impairment loss is treated as a revaluation increase.

RESERVES

Reserves are a component of equity generally representing a particular use to which various parts of equity have been assigned. Reserves may be legally restricted or established by the Trust.

Restricted reserves are subject to specific conditions. Expenditure or transfers from these reserves may be made only for certain specified purposes.

Special purpose reserves are reserves established by decisions made by the Trust. The Trust may alter them without reference to any third party. Expenditure or transfers to and from these reserves is based on established policy.

SIGNIFICANT ESTIMATES AND ASSUMPTIONS

In preparing these financial statements, the Trust has made estimates and assumptions concerning the future. These estimates and assumptions may differ from the subsequent actual results. Estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations or future events that are believed to be reasonable under the circumstances. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Key Sources of Estimation Uncertainty

Judgements made by management in the application of Tier 2 PBE accounting standards that have significant effects on the financial statements and estimates with a significant risk of material adjustments in the next year are disclosed, where applicable, in the relevant notes to the financial statements. Key Sources of Estimation Uncertainty include:

- Estimating the remaining useful life of various items of property, plant and equipment. If the useful life does not reflect the actual consumption of benefits of the asset, the Trust could be over or under estimating the depreciation charge recognised as an expense in the Statement of Financial Performance.
- Determining whether the conditions of a grant has been satisfied, to determine whether the grant should be recognised as revenue in the Statement of Financial Performance. This judgement will be based on the facts and circumstances that are evident for each contract.

Estimates and judgements are continually evaluated and are based on historical experience and other functions, including expectations of future events that are believed to be measurable under the circumstances.

Southland Museum & Art Gallery Trust Board Inc

NOTES TO THE FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED 31 DECEMBER 2019

The Trust has not recognised exhibits and donated art works because the value of these are not readily available. However the direct purchase costs of exhibits and art collections acquired during the year have been capitalised.

During 2018, Win Clark peer reviewed the seismic assessment undertaken by Opus International in 2013 of the buildings at 108 Gala Street. The review determined the original assessment was fair, and concluded the museum buildings were "probably earthquake-prone". The Trust closed the museum buildings to the public on the 12 April 2018 as they could not provide a safe workplace under the Health and Safety at Work Act 2015. The Trust has impaired the buildings value to nil in 2017/18 as the buildings currently do not supply economic benefit; repairing the buildings is likely to cost more than the building's previous cost value and is unlikely to be repaired to the same floor & wall layout.

7 PAYABLES AND ACCRUED EXPENSES

	2019 \$	2018 \$
Invercargill City Council.	-	189,718
Other payables	1,774	2,478
<i>Total payables and accrued expenses</i>	1,774	192,196

8 UNUSED GRANTS WITH CONDITIONS

	2019 \$	2018 \$
Invercargill City Council - Redevelopment Grant	52,769	52,769
<i>Total unused grants with conditions</i>	52,769	52,769

The grant from the Invercargill City Council requires the Trust to spend the funds on the museum redevelopment project and has a "use or return" condition.

The grant from the Southland Regional Heritage Committee requires the Trust to spend the funds on the strategic review and development plan for the Southland Museum & Art Gallery project and has a "use or return" condition.

Southland Museum & Art Gallery Trust Board Inc

STATEMENT OF SERVICE PERFORMANCE FOR THE SIX MONTHS ENDED 31 DECEMBER 2019

OUTPUTS & OUTCOMES FOR THE SIX MONTHS ENDED 31 DECEMBER 2019

Below are the outputs planned by the organisation and the strategies that will be used to achieve these.

The Collections: Caring for, developing, and researching collections.			
Outputs	Strategies to achieve Outputs	2019/20 YTD Outcome	2019/20 Target
<p>The collection is developed to enable the Museum to document, illustrate and explore Southland's unique natural and cultural heritage</p>	<ul style="list-style-type: none"> Collection management policies are reviewed as required. 	<p>Ongoing process of reviewing policies as required by relocation project and external bodies.</p>	<p>One review annually</p>
	<ul style="list-style-type: none"> New acquisitions are considered according to the Collection Management Policy. (minimal acquisitions desired while museum building is closed) New acquisitions are entered into Vernon CMS (Collection Management System). 	<p>Policy has been applied to all new acquisitions.</p>	<p>100% of objects acquired are considered</p>
<ul style="list-style-type: none"> Existing CMS records are to be reviewed and updated. 	<p>Work ongoing</p>	<p>Reduce the current backlog from 2,150 items</p>	<p>No review required of main CMP. New policies developed for Kōiwi Tangata, Natural history & Hazardous materials.</p>
			<p>Policy has been applied to all new acquisitions.</p>
<ul style="list-style-type: none"> Collections items to have digital images made. 	<p>Stage Three: 0 items 753 items updated to date (focus on stages one and two)</p>	<p>Stage 1: July-Dec 2019 = 1,182 records. 7627 records updated to date; 5365 skeletal records (housed for transport) to date</p>	<p>New acquisitions backlog to be entered * 2016 = 536 2017 = 693 2018 = 919</p>
			<p>Stage 1: July-Dec 2018 = 2,111 records. 5,153 records partially updated to a stage where they can be tracked for relocation purposes.</p>

* Figures are estimated as the total number of items recorded cannot be determined until all acquisitions are processed.
