`Annual Plan Budget Workshop

11 February, 10am – 12noon

Chair: Cllr Lesley Soper

Opening item in Public, followed by Public Excluded and move back into Public at the end to summarise position

#### Proposed Timings

| 10am    | Livestream commences                         | Chair/ Rhiannon    |
|---------|--|--------------------|
|         | Introduction – Slide 2                       |                    |
| 10.05am | Review of LTP, Project 1225 and Annual       | Michael            |
|         | Plan position from Workshop 2 (Slides 3 –    |                    |
|         | 10)  |                    |
| 10.30am | Public Excluded                              | Michael            |
|         | Review of position from Workshop 2 (Slides   |                    |
|         | 12 and 13)                                   |                    |
| 10.45am | Additional information – Wachner Place       | Patricia/ Rhiannon |
|         | Toilets and Community Wellbeing Fund         |                    |
|         | (Slides 14 and 15)                           |                    |
| 10.50am | Discussion of position                       | Chair              |
| 11.15am | Fees and Charges – areas of focus (Slide 117 | Rhiannon           |
| 11.20am | Fees and Charges proposals (Slides 18 - 28)  | ELT                |
| 11.40am | Update – Consultation issues and next steps  | Rhiannon           |
|         | (Slides 23 -25)                              |                    |
| 11.50am | Livestream recommences                       | Chair/ Michael     |
|         | Summary position                             |                    |
| 11.55am | Next Steps                                   | Chair/ Rhiannon    |
| 12      | Close  |                    |

Annual Plan Workshop - Annual Plan Presentation Slides

# 2025/2026 Annual Plan

Council Workshop 11 February 2024

# Purpose

- Review Savings Options from 28 Jan Workshop
- Review key proposed Fees and Charges changes
- Update on consultation issues
- Provide direction for 25 February Annual Plan Budget decision paper

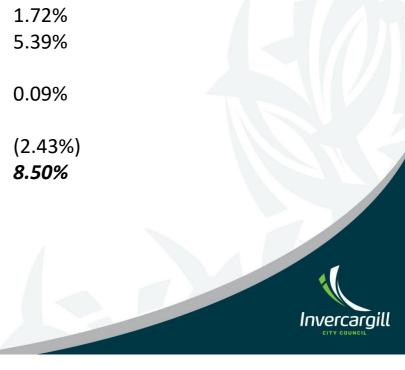

Annual Plan Workshop - Annual Plan Presentation Slides

#### Looking at the LTP – Change from Year 1 to Year 2

### What drove the LTP Year 2 Rates

| Inflation (As per estimated 11/23)<br>Increased Capital Related Costs      | 3.73%                   |
|--|-------------------------|
| Programme - Debt interest & repayments                                     | 1.72%                   |
| Depreciation funding   | 5.39%                   |
| Operational changes (Detail next slide)<br>Returning to a Balanced Budget: | 0.09%                   |
| Rates smoothing – Shift rates in Years 1&2 to 3&4<br>LTP Year 2 Rates      | (2.43%)<br><b>8.50%</b> |

## What drove the LTP Year 2 Rates

Items within the 0.09% Operational changes – Approx \$70,000:

| Returning Service Impact                                       |         |   |
|--|---------|---|
| Museum - Operating impact 25/26                                | 1.06%   |   |
|  |         |   |
| Regulation Impacts   |         |   |
| Election Year  | 0.35%   |   |
| Increase in ETS & waste levy                                   | 0.44%   |   |
| NZTA draft indications adjustment                              | 0.67%   |   |
| National Public Transport Ticketing System                     | 0.10%   |   |
| Operational changes  |         | / |
| Combined impact – efficiencies and savings and revenue changes | (2.62%) |   |
|  |         |   |
|  | 0.09%   |   |
|  |         |   |
|  |         |   |
|  |         | l |
|  |         |   |

### Impact of Project 1225 on ongoing rates increases

Bringing on a new service (storage facility, tuatara facility, museum facility) incurs capital and operational costs (as a new service not included in inflation)

So far...

**Capital:** Planned increased borrowing to date to 2024/2025 - \$38 million capital less \$5 million subsidy approx. 2.58% total rates increase to date (includes increase up to 24/25 of 0.90% + 25/26 Impact of **1.68%**)\*

**Operating expenditure:** (Arts and Museum activity - LTP) total rates increase 2.82% (includes increase up to 24/25 of 1.48% + 25/26 Impact of **1.34%**)\*

Total 2025/2026: Approx. 3.02% Rates impact\* (\$2.2 million)

To opening...

Since closure of the museum, following two consultations, total incurred and planned rates increases (capital and operational) to opening: **8.76%** 

\* Impact included in the LTP 8.5%

#### Moving from Year 2 LTP to 25/26 Annual Plan – What's changing?

8

Invercargill

# Doing the sums – Starting Position

| LTP Year 2 Rates Inc.                     | <ul> <li>8.50%</li> <li>8.50%</li> <li>Includes inflation assumption 2.2%</li> <li>Includes 3W depreciation – Water - 100%/ Sewerage 80%/</li> <li>Stormwater 80%</li> </ul>   |
|---|--|
|   | 2.43% LTP Year 2 Smoothing – rates were deferred into later years  |
| LTP Year 2 Unsmoothed rates increase      | 10.93% resulting in unbalanced budget  |
|   | 0.94% Annual Plan Updated inflation – 4.4% 3W, 3.0% Non-3W   |
|   | 1.53% Insurance  |
|   | 0.10% Interest expenses & debt repayments  |
|   | (1.60%) Other items – Officer Adjustments already made   |
| 2025/2026 Annual Plan – Econ. Env Updates | <b>11.90%</b> 3W – Ringfencing - \$2.3 Million (3W rate increase 8.52%/<br>NW rate decrease (4.51%)0.26%3W - Ringfencing implementation cost0.21%3W – LTP Amendment Audit (potential)1.78%3W – Move towards 100% depreciation (100%/ 90%/ 90%)0.39%3W – Levies0.22%Councillor/ Mayoral Salary increase |
| 2025/2026 Annual Plan                     | 14.76%   |
| <ul> <li>Regulatory Updates</li> </ul>    | 24.07% 3W rates increase<br>9.82% NW rates increase  |

# Doing the sums – Water Options

Context: Rates 'cap' of inflation – will be based on LGCI (3.0%) and not apply to 3w/ likely not apply to waste and potentially not to roading

| Annual Plan Water Increase                | 24.07%  |
|---|---|
|   | (2.16%) NW Recommended Capital Programme Delivery rephasing Yr 1 and 2 into later years |
|   | (1.79%) Increased fees and charges revenue  |
|   | 0.36% Reconfirm LTP smoothing approach  |
| 2025/2026 AP Water – inc. Savings options | 20.48%  |
| 2025/2026 AP Water – inc. Savings options | 0.36% Reconfirm LTP smoothing approach  |

Average 3W Rate Increase: \$220 Average 3W Rates 2025/2026: \$1297 Forecast Morrison Low Average Rates by 2033/34: \$3000\*

\*Note this is not an exact comparison due to the structure of our current rating compared to the Morrison Low modelling approach \*Still reviewing if Amended LTP required. If not this will be removed from 3W Numbers.

### Doing the sums – Non-Water Options

Context: Rates 'cap' of inflation – will be based on LGCI (3.0%) and not apply to 3w/ likely not apply to waste and potentially not to roading

| Annual Plan Non-Water with funding requests                  | 9.82%   |   |
|--|---------|---|
| and organisational items                                     | (3.90%) | Reconfirm LTP smoothing approach  |
|  | 0.28%   | External Funding request – (Linked to existing Contracts PE)                            |
|  | 3.33%   | Organisation Cost implication beyond Inflation (Contracts PE)                           |
|  | 1.50%   | Organisation – User Pays policy review  |
|  | (0.99%) | Option - NW Capital Programme Delivery rephasing Yr 1 and 2 into later years            |
|  | (1.35%) | Option - NW Depreciation Adjustment – Roading 75%                                       |
|  | (2.61%) | Option - Organisational efficiency  |
|  | (0.28%) | Option - Decline Funding requests   |
| Annual Plan Non-Water inc. Council Options above             | 5.80%   |   |
|  | (2.10%) | Options brought by Officers in PE for Council to<br>Consideration. In PE due to link to |
| Annual Plan Non-Water inc. Officer Options for Consideration | 3.70%   | Commercial Contracts  |
